

Taehyun Yang

Undergraduate Student, College of Liberal Studies, Seoul National University

taehyun2017330@gmail.com | taehyun.me | [he/him/his](#)

Most of the names and institutions are linked to their relevant web pages for quick reference.

Education

2021 -	B.S. in Computer Science and Engineering B.S. in Business Administration Advised by Dr. Sangmin Lee	Seoul National University
2017 - 2018	B.S. in Electrical Engineering Withdrawn	University of Illinois at Urbana-Champaign

Research Interests

My research lies at the intersection of Human-Computer Interaction and Social Computing. Through my research, I aim to understand how foundational models shape decision-making, communication, and trust, and how they can be designed to better serve the public. To this end, I develop AI systems that improve human-AI interactions by making model-driven decisions more transparent, adaptive, and socially responsible.

Publications

Peer-Reviewed Full Papers & Workshops

2024	P4	Unveiling High-dimensional Backstage: A Survey for Reliable Visual Analytics with Dimensionality Reduction Hyeon Jeon, Hyunwook Lee, Yun-Hsin Kuo, Taehyun Yang , Daniel Archambault, Sungahn Ko, Takanori Fujiwara, Kwan-Liu Ma, and Jinwook Seo ACM Conference on Human Factors in Computing Systems
2024	P3	A Socio-Technical Approach to AI Audits in HRM: Resolving Tensions with LLM Agents Taehyun Yang , Hyanghee Park, Daehwan Ahn ACM Conference on Human Factors in Computing Systems (Work in Progress)
2024	W1	Using LLMs to Investigate Correlations of Conversational Follow-up Queries with User Satisfaction Hyunwoo Kim, Yoonseo Choi, Taehyun Yang , Honggu Lee, Chaneon Park, Yongju Lee, Jinyoung Kim, and Juho Kim Workshop on Large Language Models (LLMs) for Evaluation in Information Retrieval, ACM SIGIR Conference on Research and Development in Information Retrieval
2024	P2	Offsetting Perceptual Bias in Visual Clustering: The Role of Point Size Adjustment in Variable Display Sizes Taehyun Yang , Hyeon Jeon, and Jinwook Seo IEEE Pacific Visualization Conference (Work in Progress)

2024	P1	UMATO: Two-phase Manifold Approximation for Accurate, Scalable, and Stable Dimensionality Reduction Hyeon Jeon, Hyung-Kwon Ko, Soohyun Lee, Jake Hyun, Taehyun Yang , Gyehun Go, Jaemin Jo, and Jinwook Seo IEEE Transactions on Visualization and Computer Graphics (Under minor revision)

Experiences

Research Experiences

2023 -	Undergraduate Intern , SNU HCIL, Seoul National University Advisor: Dr. Jinwook Seo Developed ML visualization algorithms and visual perception models [P1, P2, P4]
2024	Undergraduate Intern , KIXLAB, KAIST Advisor: Dr. Juho Kim Investigated user behavior in multi-turn conversational search engines, collaborating with NAVER's Cue [W1]
2022	Visiting Researcher , Tech4Good Lab, University of California, Santa Cruz Advisor: Dr. David Lee Explored scaffolding and sub-goal learning techniques for programming education

Industry Experiences

2025 -	Technical Intern , Microsoft Korea Incoming intern for Jan. 2025
2024	Project Intern , SoftlyAI Led a team to develop a LLM system tailored for industry experts and healthcare professionals.
2023 - 2024	Product Research & Development Intern , Samsung Research Developed hand-tracking interactions for Samsung's Vision AR prototypes.
2021 - 2023	Co-Founder , Team Chattie Led a startup team to develop a Korean/English language learning platform (300 users).
2020 - 2021	Research Consultant , Korea Insight Institute Consulted on market research projects, specializing in Fintech industries.
2019	Intern Consultant , Tech Suda Served as a trilingual consultant (Chinese, Korean, English) at CES 2019
2019 - 2020	Military Service , Ministry of Gender Equality and Family Developed applications focused on enhancing women's safety.

Teaching Experiences

2024	Mentor , LG AI Youth Camp
2024	Undergraduate Teaching Assistant , 4190.407 Algorithm
2024	Undergraduate Teaching Assistant , M1522 Computer Programming
2023	Undergraduate Teaching Assistant , 035.001 Digital Computer Concept and Practice
2023	Hackathon Judge , International Collegiate Programming Contest (ICPC) Regional
2022	Coding/Physics Tutor , Ranked 5.4k/550k (1%) Top STEM teacher from Kim Study

Invited Talks

- 2024 **Enhancing Conversational Search Through Real World User Interaction Analysis at Scale**
Liberal Arts and Sciences Academic Festival, Feb. 2024
- 2023 **Exploring Visual Perception and Cluster Granularity**
K-VIS, Korean Institute of Information Scientists and Engineers, Dec. 2023

Grants and Scholarships

Research Grants

- 2024 **Learning Sciences Research Grant**, Learning Sciences Institute
Topic: Creating Easily Digestible Educational Group Chats with LLM-Driven Question and Answer Connections
Granted 2,000,000 KRW (\simeq 1,500 USD)
- 2024 **Student Individual Research Program**, Faculty of Liberal Education
Topic: Can LLM Models Simulate Human Subjectivity?
Granted 5,000,000 KRW (\simeq 3,700 USD)
- 2023 **SNU Undergraduate Research Program**, Computer Science and Engineering
Topic: Exploring Size in Visual Clustering Perception
Granted 1,000,000 KRW (\simeq 750 USD)

Scholarships and Awards

- 2024 **Fullbright Graduate Scholarship**, Korean-American Educational Commission (Declined)
Granted 90,000 USD for graduate studies
- 2024 **LG AI Mentorship Scholarship**, Seoul National University & LG Discovery Lab
Granted 2,000,000 KRW (\simeq 1,500 USD)
- 2024 **SNU Semiconductor Excellence Scholarship**, Institute for Semiconductor Specialization
Awarded to 91/455 students (20%) for academic and extracurricular excellence
Granted 11,300,000 KRW (\simeq 8,300 USD)
- 2023 **SNU-SEC Research Program Fellowship**, Samsung Research (Declined)
Recognized for research excellence
Granted 30,000,000 KRW (\simeq 22,000 USD)
- 2022 **Visiting Researcher Travel Grant**, SNU Office of International Affairs
Awarded to 30/150 students (20%) for visiting research support
Granted 5,000,000 KRW (\simeq 3,700 USD)
- 2022 **Golden award in K-Startup Competition**, Ministry of Culture, Sports and Tourism
Awarded to top 1/50 team (2%) for entrepreneurial excellence
Granted 10,000,000 KRW (\simeq 7,500 USD)
- 2021 - 2024 **Academic Excellence Scholarship**, Seoul National University
Granted total of 5,000,000 KRW (\simeq 3,700 USD)
